- Fund availability varies by Plan. Table B lists all of the Subaccounts available under the Contract.

- The investment fees shown in Table B are in addition to the administrative fees set forth in the Contract. Investment fees are charged based on the fund's average daily net assets, and include the expense ratio charged by mutual funds (which is stated in the fund's prospectus and may change as indicated in the prospectus), or a management fee paid to the investment manager of the managed portfolios or collective/commingled funds, and a product charge by United for investment services under the Contract. The total investment fees will reduce the Net Asset Value as specified in Sections 1.19 and 3.04 of the Contract. In addition to the expense ratio, mutual funds may charge redemption fees in certain circumstances as stated in the mutual fund's prospectus.
- United of Omaha establishes omnibus accounts with fund companies by accumulating the assets of multiple plans into one account with each fund. Some fund companies reimburse United for individual plan and participant level accounting that United performs on the funds' behalf.
- Subaccount not available for Participant directed investment on a stand alone basis.
- The average Investment Fee for the Mutual GlidePath Subaccounts is for illustrative purposes only and has been constructed according to the target allocations for each Subaccount. Actual Investment Fees accrue according to each underlying offering's position each day and are subject to change. The average Investment Fee includes a 0.00-0.50% charge by the trustee for services provided.
- A portfolio expense is charged by United for the Asset Allocation Models for additional services relating to these Subaccounts. The Asset Allocation Subaccount portfolio expense is in addition to the total investment fees charged for the Subaccount Allocations within the model.
